

| NO. | ITEM                         | Description  | Measurement (cm) | Picture   |
|-----|------------------------------|--|------------------|---|
| 1   | Hight                        | Hight from foot to head  |                  |   |
| 2   | Weight                       | body weight  |                  |   |
| 3   | Forhead circumference        | Circumference of forhead   |                  |    |
| 4   | Neck                         | Neck circumference   |                  |    |
| 5   | Shoulder breadth             | Tape over the shoulders, take the measure between the edges of the final bones.                                    |                  |    |
| 6   | Shoulder Blade/Crotch Length | Take the measure back from the first vertebra on neck base, until to halfway sown the curve of the buttocks(anus). |                  |    |
| 7   | Chest Circumference          | Take the measure in the widest high part of the chest (under the armpit)   |                  |    |
| 8   | Chest Circumference (woman)  | Take the measure over the breast in the widest part.   |                  |   |
| 9   | Arm Length                   | Arm along the body, take the measure from the final bone of the shoulder until the wrist bone                      |                  |  |
| 10  | Sleeve length                | Take measure from first vertebra on neck base via final bone of the shoulder until the wrist bone                  |                  |  |
| 11  | ??                           | Take measure at armpit to shoulder   |                  |  |
| 12  | Bicep                        | Circumference of bicep   |                  |  |
| 13  | Upper Elbow                  | Take the measure of circumference in the slimest point of the upper elbow  |                  |  |
| 14  | Forearm                      | Take the measure of circumference in the widest point of the forearm   |                  |  |

|    |                  |  |  |   |
|----|------------------|--|--|---|
| 15 | Lower arm length | Take the measure from inner elbow to hand wrist                          |  |    |
| 16 | Hand wrist       | Hand wrist circumference   |  |    |
| 17 | Wrist            | Wrist circumference Over the navel                                       |  |    |
| 18 | Pelvis           | Take the measure of circumference in the widest point, over the buttocks |  |    |
| 19 | Thigh            | Thigh circumference  |  |    |
| 20 | Inner length     | Take the measure from split of leg to inner ankle                        |  |   |
| 21 | Above knee       | Take the measure of circumference in the slimest point above knee        |  |  |
| 22 | below knee       | Take the measure of circumference in the widest point below knee         |  |  |
| 23 | Calf             | Take the measure of circumference in the widest point of calf            |  |  |
| 24 | Calf length      | Take the measure from knee inner ankle                                   |  |  |
| 25 | Ankle            | Take the measure of circumference in the slimest point of ankle          |  |  |
